------------------	----------

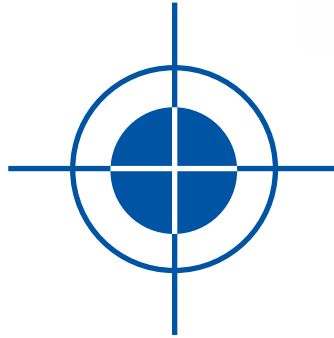

## Shooting Target Safety Information

- Shoot safely and legally
- Ensure a proper back drop to avoid stray rounds
- Angle targets downwards towards the ground to avoid rounds from bouncing back at you
- Do not shoot penetrator or AP type rounds
- Use only FMJ rounds < 3100fps
- 15 yds for Pistol and Rim-fire
- 100 yds For Rifle calibers

**ALWAYS WEAR EYE PROTECTION!**
